DETAILED ACTION

1. Claims 7-61 have been canceled, claims 62-73 have been newly added as in the Applicant's Preliminary Amendment filed on 3/10/04.

Allowable Subject Matter

2. Claims 1-6 and 62-73 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record fail to disclose a method for writing data in a semiconductor memory device, in combination with other cited limitations, comprising steps of writing data into said first memory cell; writing data into said second memory cell following writing the data into said first memory cell; verifying the data of said first memory cell after writing the data into said second memory cell; and rewriting the data into said first memory cell when insufficiency of the data of said first memory cell as a result of verifying the data of said first memory cell as recited in claims 1 and 4.

Claims 2-3, 62-67 and 4-6, 68-73 are therefore allowed because of their dependency on claims 1 and 4; respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
